

Golf & Life Skills Lead Coach – Kalamazoo

Overview

First Tee – West Michigan is one of 175 chapters worldwide that are part of a global non-profit youth initiative. First Tee was created in 1997 by the World Golf Foundation to use golf and character education to provide young people of all ethnic and economic backgrounds an opportunity to develop life-enhancing values such as honesty, integrity and sportsmanship. By engaging youth in a combination of life skills, leadership and golf activities, they are exposed to positive traits that will help them become valuable assets to their community and eventually achieve success in life. First Tee Life Skills & Golf Experience is the unique component that sets First Tee apart from many other successful junior golf programs.

At First Tee – West Michigan, we are highly focused on reaching out to at-risk and disadvantaged youth. We want these students to see the beauty of the course, learn the skills they need to succeed in life, and build relationships with those who care for their well-being.
